

# Useful Websites

A few pointers that may be of some help!

## UCAS

<https://www.ucas.com/undergraduate>

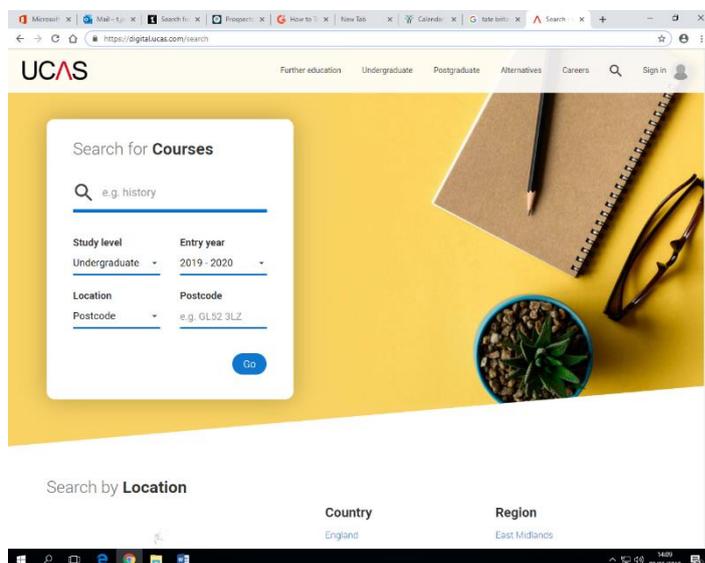

A great place to start for information on: undergraduate courses, student life and will be the website that will be used to apply to university.

## UCAS search tool

<https://digital.ucas.com/search>

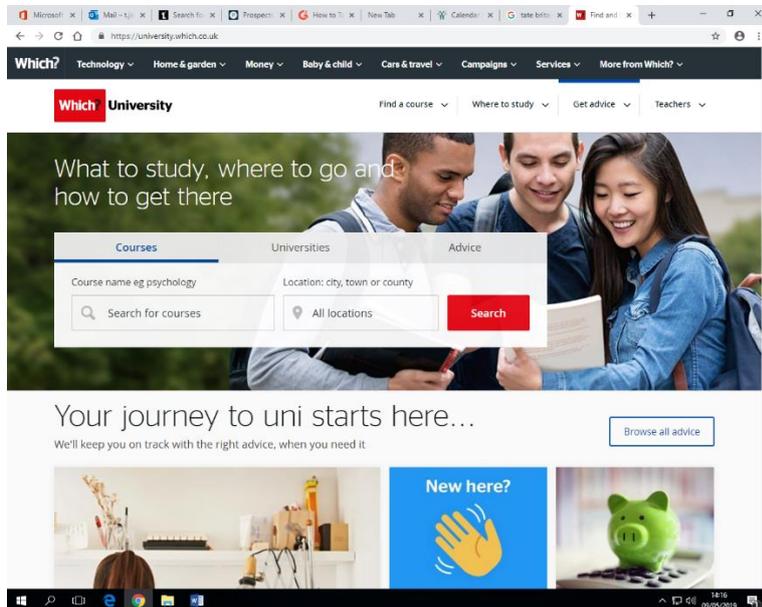

It allows you to type in what subjects you are interested in and it will give you a list of universities, colleges & conservatoires that offer courses related to your subject choice. Information includes: qualification you will receive, entry requirements, cost, duration, how to apply.

# Useful Websites

## Which? University

<http://university.which.co.uk/>

This is really useful as it gives an overview of the university, satisfaction scores & you can even refine your search by predicted grades. If you are unsure about what courses you could do with the A levels you are taking this website allows you to search for degree 'ideas' based on the A levels that you have chosen. Simply type in the A levels that you are studying and it gives the best match, close matches and unexpected matches. It will give you an idea of what students ended up earning & how many of them were employed at the end of it. Links to universities offering the courses give more information on what they have to offer.

## Career Companion

[www.careercompanion.co.uk](http://www.careercompanion.co.uk) login and password 'wychwoodschoolox'

An all-age independent and impartial gateway to careers, learning & training. Dedicated portals with news, articles, reviews etc. Facility to add notes about the areas that you are interested in.

## Fast Tomato, University and Apprenticeships

**Fast Tomato** is a fantastic careers guidance programme that has information on: university, apprenticeships and also offers other higher education resources. If you have not got an account, then create a login using the information below. If you already have an account but cannot remember your password or are having problems with your account, then please ask Mrs Jarrett.

## Apprenticeships

<https://www.apprenticeships.gov.uk/> is a good starting point. There is also information on apprenticeships on the UCAS website, Fast Tomato, Prospects and Notgoingtouni.com

**An apprenticeship is another way to study for a degree.**

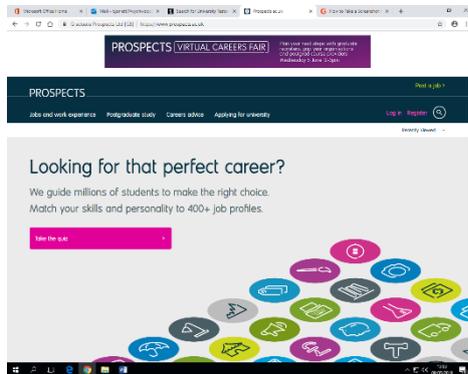

Look at higher and degree level apprenticeships.

<https://www.gov.uk/government/publications/higher-and-degree-apprenticeships>

# Useful Websites

## Prospects

<https://www.prospects.ac.uk/>

**Prospects** is a great website that has information on: applying for university, a careers quiz to match your skills and personality to different jobs, browse 400+ job profiles. Work experience and gap year opportunities.

## Uni Taster Days

<https://www.unitasterdays.com/>

Sign up to receive emails about **university taster events**, workshops, residentials and open days.

## Not going to Uni

<https://www.notgoingtouni.co.uk/>

**Not Going to Uni** – the one stop site for apprenticeships and gap years and a blog about careers.
