Entry points

Our main entry points are 11+, 13+ and 16+ but there is the possibility of intake in any other year except for Year 11 (the second year of the two year GCSE course) and Year 13 (the second year of the two year A Level / BTEC course).

Most of our Year 11 enter our Sixth Form (Wychwood Sixth).

Admission requirements

There is an entrance test to satisfy the staff that a girl has the capacity to benefit from a Wychwood education. Where possible the test will be taken at the school although overseas applicants may sit at their current school if the host Headteacher gives permission.

A critical part of the entrance procedure across all years is an up-to-date school report. You should arrange for your daughter's current school to send her latest school report. We will ask for an up-to-date reference to be sent to Wychwood School, Oxford. If we do not receive either then we will contact each candidate's current school again to request this.

Every pupil is also interviewed by the Head. This informal interview is an integral part of the admissions procedure. If a girl cannot attend an interview in person, (such as when a girl lives overseas) then an arrangement will be made to conduct an interview via Teams, Zoom, Skype or FaceTime. Ideally this should be before the Entrance Test day.

Girls joining Year 7 are tested in English and mathematics. The examination is held in the November prior to entry in the subsequent September. Girls take the test in school and spend the whole day here. They have "taster" sessions in selection of subjects. This varies from year to year but might include art, textiles, the sciences, drama, sport, computing or other academic subjects. This is an excellent way for prospective pupils to become better acquainted with the school, our staff and with some of the girls with whom they may spend the next seven years of their lives.

Girls joining Year 9 may sit entrance during their Year 6, 7 or 8 and will be tested in maths

and English. They may spend the day here if they wish. (See also Modern Foreign Language Policy for Late Entrants).

Girls joining the School in Years 8 or 10 are tested in English and mathematics prior to September year of entry. They may spend the day here if they wish. (See also Modern Foreign Language Policy for Late Entrants).

A fairly wide spread of ability is recruited, subject to our assessment that an applicant will manage to attend a full spread of GCSEs to gain a minimum of 5 grade 4s. Necessary adjustments will be made on a case by case basis with regard to pupils with SEND.

International students who may not have been prepared for GCSE study will be assessed on a case-by case basis. It is expected that any entrant will be able to attend most – if not all – classes.

When entry is for Wychwood Sixth papers are taken in three of the applicant's potential A Level or BTEC subjects. If one of their chosen subjects is one which they have not previously studied - psychology for example - then questions are set which require some subject-specific reading comprehension combined with a common sense approach and evidence of certain skills. If a girl wishes to study the creative arts then we will need to see a portfolio of work. There is a minimum requirement of 6 GCSEs passes at grade 9-4, with 9-6 in their chosen A Level or BTEC subjects.

Acceptance of a place indicates the parents' and the pupil's willingness to adhere to the rules and terms and conditions of the school.

The School's Disability Inclusion Policy and Accessibility Plan outline the procedures which will be followed when considering applications made to admit pupils with Special Educational Needs and Disabilities.

International Pupils

The School welcomes pupils from abroad as long as they can cope with education in English and work towards standard UK qualifications, albeit with EAL support.

Parents must be committed to supporting further English study at their own extra cost if necessary. This would be through specialist individual or small group teaching.

A small number of short-stay European pupils may also attend the school. It is recommended that short stay pupils attend for a minimum of one academic term, but sometimes they may stay for as long as a year. We welcome the contribution such pupils make to the cultural and academic life of the school. Pupils joining the school on a short stay basis will be assessed on the basis of a current school report and an interview with the Head.
